

★★★★★ **Moisturizing power**©

It gives the skin a sense of transparency and has a good scent.  
Very comfortable to use. It is not sticky and fits well on the skin.  
Until now, I couldn't find a lotion that suits me, but  
This is a lotion that must be repeated.

Women in their 20s

Male in his thirties

★★★★★ **It's very familiar to the skin!**

If I try to use what my sister used,  
It has good penetrating power and is very familiar to the skin!

★★★★★ **This is the third repeat! !!**

My husband has oily skin and I have dry skin, but on both skins  
I keep using it because it fits.  
There is no feeling of tension, and the skin feels moisturized.  
Skin stress unique to winter has been reduced.

Woman in her thirties

Male in his 20s

★★★★★ **excellence**©

I'm a man, but it's easy to use and not sticky  
I felt that it was a versatile product with good moisturizing on top.  
If you can buy this finish at this price,  
I want to continue using it in the future.

# AGENDER

## The era of "ten people, ten colors"

"A man should be a woman like this."  
Who decided

Even if someone doesn't understand  
"Be yourself"  
Wishing so, living is beauty

Bring out your "selfishness"  
To be more natural

A'GENDER is a brand that supports your "beauty"

## A'GENDER CONDITIONING LIQUID

**Dry / greasy / mixed etc ...**

**Any skin type**

**Cosmetic solution to condition**

- Highly moisturizing
- Control of the amount of sebum
- Adjust the texture and give a glossy feeling

Because we mainly develop  
ingredients  
Depending on the timing  
and purpose of use  
"Beauty essence" as  
"toner" You can also use  
it as.

120ml ¥4,950 Tax included

Leads to healthy skin.

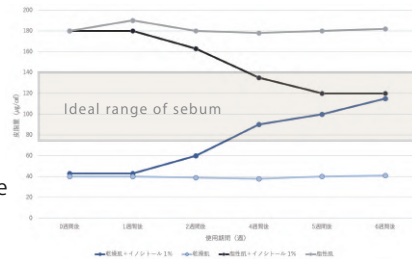

## According to the skin type Inositol, an ingredient that regulates sebum secretion

Condition the skin

Natural origin created by the power of nature  
Ingredients for any skin type  
Fits and smoothes the skin.

Oily skin type suppresses stickiness  
Dry skin type supplements oil

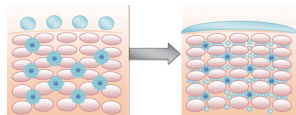

## Platinum processing technology that enhances penetration into the skin

Moisture penetration

By making the ingredients smaller  
Technology that enhances penetration into the skin. In conditioning liquid  
Platinum processed inositol component  
Only "A'GENDER" like no other  
Developed unique ingredients.

<イメージ図>

Inositol spreads to every corner,  
It will penetrate the entire stratum corneum over time.

## Can also be used by people with sensitive skin Free prescription that is particular about gentleness

Parabens, silicones, petroleum-based surfactants,  
No coloring or mineral oil is used. With a skin-friendly hypoallergenic prescription  
It can be used by people with various skin types.

## Lightly scented sabon

Gently stimulates the five senses,  
A refreshing scent full of cleanliness.  
Make skin care a relaxing time.

## Comfortable skin familiarity

- Since it is a two-layer type, shake the container well before use.
- After washing your face, put an appropriate amount on a clean palm (about half a teaspoon)  
Take and use the entire palm to gently press down on the skin  
Apply to the entire face.

\* The amount used is considered as a guide.  
According to the condition of the skin  
Please adjust the amount before use.
